

TEACHER RECOMMENDATION FORM

2017-2018

Dear Music Teachers,

In lieu of auditions this year, we are asking that teachers recommend their students, basically vouching that they are either

- 1) at the level of the audition music from 2016 at [www.mauiyouthphilharmonic.org](http://www.mauiyouthphilharmonic.org) or
- 2) they are capable of reaching that level with consistent practice within the next 4 weeks. We will be having seating arrangements at that time and want to be sure everyone is close to being at the same level.

The students should print out the music and requirements for you to be able to evaluate. While we want student already at that level, we gladly accept students who are willing to work hard to improve individually. Mahalo!
